KIA Board of Directors

The KIA Board would like to give a heartfelt MAHALO to Bobbie Lau, of **The Howard Hughes Corporation**, for her many years of dedication to the association's board. She was also a past KIA President, and supported our biennial golf tournaments, fundraisers, and all meetings. The KIA Board would also like to welcome Stanford Ono as a Director. He was born and raised on Oahu, attended the University of Hawaii at Manoa and graduated with a Bachelor's degree in Finance. His professional experience is over 10 years in banking, mostly at Bank of Hawaii, and now currently with **Central Pacific Bank**. In spare time enjoys playing basketball and watching sports. University Health Partners of Hawaii (UHP - formerly known as UCERA) is the medical faculty practice composed of the doctors who teach at UH's John A. Burns School of Medicine (JABSOM). These are the physicians who instruct and supervise medical students, interns, and residents at Hawaii's only medical school of its kind. They not only provide the latest in health care to the people of Hawaii, they keep doctors here in our island home, since physicians tend to practice medicine where they do their training. So when you see a UHP doctor, you are actually helping to strengthen our island communities and insure that the people of Hawaii receive high quality healthcare where we live. With their central offices located at 677 Ala Moana Blvd., in the former Gold Bond Building in Kakaako, UHP doctors treat patients at over 100 locations throughout the Islands, providing services in family medicine, internal medicine, surgery, obstetrics, gynecology, geriatrics, hyperbaric medicine, speech therapy and audiology, psychiatry and psychology. For more information call (808) 469-4982 or visit www.uhp-hawaii.org.
