## KIA News

**be safe!**

The KIA Board of Directors hopes that everyone is taking care of themselves, family, friends, and clients in the best way possible. Keep listening to the radio or watching TV for the most updated information and share with your family and friends who may need reinforcement. Continue to support those who offer take-out or delivery services for food or products you need; and shop as you usually do without panicking. Lastly, keep in communication with others, via emailing, texting, or calling, so that life will have some sense of stability.

Acting with an abundance of caution to protect the health of employees, visitors and the community at large, the Hawaii **Children's Discovery Center** has decided to close to the public from March 15th until further notice.

KIA's Networking Event set for Wednesday, April 29th, has been cancelled until the regularly-scheduled October 21st KIA Networking Event.

**The John A. Burns School of Medicine** (JABSOM) announced that those who were invited to pay their respects at the Willed Body Memorial Service on April 4, 2020, will not be able to attend the event in person because of the COVID-19 pandemic. Those who have received invitations will have to forego attending the memorial in person, as well as their friends and family. Last year there were more than 900 people in attendance at Wallace Rider Farrington High School in Kalihi. JABSOM will livestream the event via the link provided to families and friends. KCAA opened its Kakaako school in 1898 on South Street. The name "Muriel" came later. The agency's founders remarked in 1899, "The kindergarten has been the opening wedge in the district where it has been placed." In one short year, the South Street School had a girls' club, boys' club, singing class, and mothers' clubs. In 1901 the South Street School moved to the basement of Kawaiahao Church and was called the Kawaiahao Kindergarten. In 1911, a new building was given to KCAA by Miss Kate Atherton for the Kakaako Community. It was renamed Muriel School, in memory of Miss Atherton's niece, and is still called that today. From 1967-1992, Muriel School was located on Ilaniwai Street then moved to its present location on the ground floor of the Kamakee Vista Building on Kawaiahao Street in 1992.

Most recently, efforts are underway to make playground improvements including a sun shade, additional equipment and a pedestrian entrance from Queen Street to respond to our changing Kakaako! KIA's donation from this golf tournament will help greatly towards that goal on South Street.
